

# NEUROTRIS MICROCURRENT FACIALS

"The Only Treatment that can affect and tighten the muscles other than surgery (facelift)"

This facial sculpting system (also known as the "Madonna Fork Facial" uses the most advanced Microcurrent science for anti-aging. The results are immediate & cumulative! Benefits include reduced wrinkles & fine lines, facial lifting & tightening around eyes, jawline and neck. This treatment also smooths and softens skin texture, improves circulation for a brighter more youthful glow, increased collagen for firmer skin, improves conditions of rosacea & acne, and reduces pore size. This is the only treatment that can affect and tighten the muscle other than surgery (facelift)

## Neurotris Microcurrent Treatment:

Includes cleansing, gentle exfoliation and Neurotris 7 Signature (7 treatments in one machine that lift and tighten the face).

A series of six to twelve is recommended depending on age and health of a client's skin.

Consultations are encouraged to discuss personal goals and outcomes.

Follow up monthly maintenance sessions recommended for best results
